Dear Fellow Enthusiast: *As you can see, we have an all-new catalog dedicated exclusively to Dodge/Plymouth performance cars. Due to the popularity of these cars, we thought it best to publish a dedicated catalog to help our distributors and end-users find the restoration parts they want and need. Additionally, we have recently expanded our offering of new parts for the Mopar line and want to ensure that you have the information you need at your fingertips. If you want to know which parts we offer for specific model years, please visit our website at www.metrommp.com. There you can create and print out a custom catalog for any model car you are working on and instantly know exactly what is available from Metro Moulded Parts, Inc.! In addition to this parts catalog for the Dodge/Plymouth product line, we have published a dozen others that support the most popular automotive lines in the restoration marketplace. Please contact your Metro Customer Service representative to request catalogs for other car models or to ask about new part offerings.*

Don't let anyone tell you there's no difference in rubber parts! *Here at Metro, we continue to work hard to make our premium quality OEM reproduction and restoration parts the very best available by paying careful attention to the smallest details. Compare our products before buying any other brand! We're sure you'll find our parts give you the best overall value when you compare fit, appearance, softness, performance, durability and warranty. Attention to quality and detail are what we call "The Visible Difference." Prove it to yourself by comparing brands. We welcome the challenge.*

To all of you who helped make Metro Moulded Parts, Inc. the leading supplier of restoration rubber parts, our sincerest —

Thanks!!

Mopar Basic Kits

Our basic kits include the vital pieces of weatherstripping you need to get your restoration or repairs started right! Kit prices are typically about 10% less than the individual sets of parts they contain. The same high quality Metro parts are used in all our basic weatherstrip kits and carry the same no hassle, 15-year full replacement warranty and 100% satisfaction guarantee!

Basic kits contain the "dynamic" seals that seal the major openings in your car to keep out wind and weather. When doing a full-body restoration, consider starting with a basic kit to provide the foundation rubber seals to build on. For 2-door hardtops and coupes, a basic kit includes the door, roof-rail and trunk seals. Metro Moulded Parts, Inc. makes thousands of additional detail rubber parts for hundreds of different makes and models of cars and trucks. If you don't see what you are looking for, just give us a call. The parts you need might be available and ready to ship the same day you order!

"Our basic kits typically cost about 10% less than the individual parts they contain. That's like getting the trunk seal for free!"

Colored Door Seals

Colored door seals are made of thick rubber extrusion wrapped with a colored windlace material that clip onto the body of your '62-'66 A-body or B-body car. These seals feature the correct rubber profile in a complete range of the correct colors and a cloth covering that closely matches the original in texture, gloss and weave. They are available in black, tan, aqua, red, gray, palomino, blue, green, copper, champagne and fawn. Sold in pairs.

“Sure fit” Roof-Rail Seals

RR 4002-S

Roof-rail seals fit into channels or spaces provided in the roof-rail of hardtop cars, providing an upper seal for the top of the side window. This is one of the “dynamic” seals that prevent wind, water and noise from entering the passenger space.

Since rubber ages at about the same rate, when you are replacing the door seals on your car, you should consider replacing the roof-rail seals at the same time. At Metro, our roof-rail and door seals are “tuned” to work together for the best possible fit. We use the highest quality EPDM sponge rubber and Nylon 6-6 mounting pins in the extrusion and the molded ends are accurate in form, fit and function.

'64-'65	440, Belvedere, Coronet, Polara, Satellite. 2-door hardtop. Roof-rail seals with molded ends. Pair. R&L.	RR 4006

Mopar Trunk Seals

TK 2320

thru

TK 2331

Some suppliers offer 'one-size-fits-all' trunk seals. The seal is cut longer than you need and it's your job to trim it to fit.

At Metro, we see several problems with this approach. First, while it's convenient and less-costly for the supplier, it's an extra burden on you. Second, you are paying for material you don't use. Third, if you make a mistake and cut the seal too short, you'll have a gap.

If your supplier won't take the extra step with a simple trunk seal, can you have confidence in the other parts they sell?

At Metro, we cut our trunk seals to size with just enough extra so there will still be plenty of coverage when the seal settles in. All of our trunk seals are made of soft, closed-cell EPDM sponge rubber. Going the extra mile is just part of what we do to earn your business every time you buy from Metro!

Mopar Trunk Mats

Our Mopar replacement trunk mats are made from the original high-quality materials and die-cut specifically for the vehicle application. Each trunk mat is print-on-rubber with attention paid to details in pattern, cut and color. **Note:** there is no way to determine with certainty which floor mat pattern came with any given model car. However, most '66-'67 models used gray plaid or gray houndstooth. Most '68-'69 models used gray plaid; a smaller number used gray houndstooth. Some very late '69 models and many '70 models used gray herringbone. Most 1970-up models used gray herringbone exclusively.

'71-'74	Dart, Duster. Trunk Mat. Each.	TM 2715

Why Not Do It Right the First Time?

Consider what it costs you in time, money and aggravation to do something over. When you consider how much time and effort you've already invested in your restoration project, does it make sense to skimp on the rubber? There's poor quality stuff out there. The difference in cost is a few dollars per set of seals. But what does it cost you in the long run to buy cheap? Drilling holes ... replacing broken pins ... adjusting and re-adjusting doors and windows. Not to mention replacing the seals in a few years when they fail. And they will fail. Don't settle for less! Find out what you are getting for your money and ASK FOR METRO QUALITY! You'll be glad you did. There truly is a difference ...

The Metro Difference!

Some people think a rubber part is just a rubber part. But there's a world of difference! SUPERSOFT® brand weatherstrips and seals are made from a proprietary rubber formula that took years to perfect. Our molds are designed using CAD/CAM technology and machined to the closest tolerances using state-of-the-art CAD/CAM design

and CNC milling tools. Numerical temperature and pressure controls ensure consistent cure cycles that eliminate scorched and under-cured parts. Hot-bonded joints and tough Nylon 6-6 mounting pins ensure your seal will stand up to rough handling. Besides quality in design and construction, our seals are up to 35% softer than other brands. **That's a difference you can see and feel!**

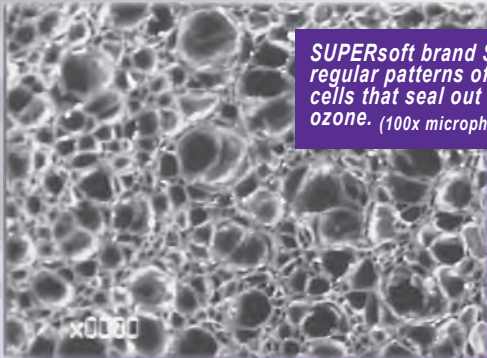

Got a New Application?

Have you identified an application for a Metro part that is not listed here? *Let us know!* You'll help your fellow enthusiasts who are working on similar cars and keep the restoration industry growing and improving. That's good for everybody. Call our Customer Service Department at 1-800-878-2237, or email your information to metrosales@metrommp.com. Thanks!

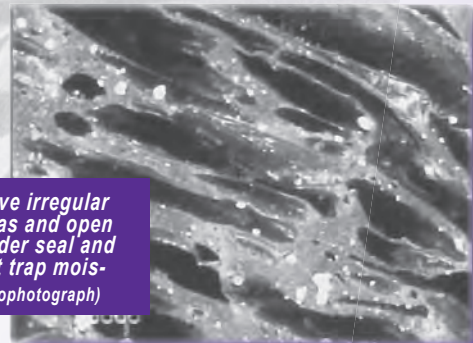

The Quality is in the Details!!!

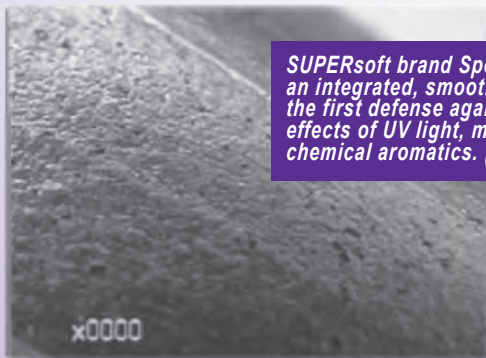

Metro SUPERsoft® brand Sponge Rubber has a uniform, closed-cell microstructure that forms an outer skin free from exposed cells and flaws. Unlike competitor's products that are coated with an outer latex skin, SUPERsoft® brand Sponge Rubber seals won't bruise, gall, blister, glaze, crack or peel.

SUPERsoft brand Sponge Rubber has regular patterns of self-enclosed microcells that seal out moisture and harmful ozone. (100x microphotograph)

Competitive products have irregular structure with dense areas and open areas ... producing a harder seal and creating worm-holes that trap moisture and ozone. (100x microphotograph)

SUPERsoft brand Sponge Rubber has an integrated, smooth outer skin that is the first defense against the damaging effects of UV light, moisture, ozone and chemical aromatics. (50x microphotograph)

Competitive products have skin with shingles and surface tears that provide paths for moisture and gases to penetrate. (50x microphotograph)

Mopar Door Detail Parts

'60-'74	All bodies. Lock cylinder gasket. White nylon. 7/8 in. ID. 1-1/4 in. OD. Each.	UM 2700-104
'62	Mopar B-body. 2-door hardtop. Door-lock pillar seal. Pair. R&L.	ALP 7003
'62-up	Fury I/II/III. Door handle pads. 2-3/8 in. long and 1-1/8 in. long. Set. R&L.	MP 959-B
'62-'70	All bodies. Door bumper. 5/8 in. long x 3/4 in. high x 1/2 in. wide. Four used per car. Each.	DB 50-M
'63-'66	'63-'66 Dart, Valiant. '64-'66 Barracuda. Quarter pillar-post end seal. Fits Mopar A-body 2-door hardtops and convertibles. Pair. R&L.	ALP 7005

Insist on Metro Quality!

**Ask for Metro
by Name!**

At Metro we believe that quality parts go beyond 'just working.' We formulate rubber to meet the requirements of the part, instead of using cheap, commodity bulk rubber for all applications. Our standards include coated molded-in steel cores, correct tool-installed clips and beautifully detailed outer surfaces. We even re-create details from the original parts that won't be seen once the part is installed! All of our standards are necessary to provide you with show-quality results. Don't settle for less! Find out what you are getting for your money and ASK FOR METRO QUALITY. You'll be glad you did. There truly is a difference ...

Lifetime Warranty? Well... Maybe

Don't be fooled by claims of "Lifetime Warranty" on the rubber parts you buy! "Lifetime Warranty" is a legal term that defines a period of use set by law that varies by state. It can be as little as three years. Metro SUPERSOFT® weatherstrip, seals and detail rubber parts come with a 15-year Full Replacement Guarantee. We promise that if your Metro-made part fails at any time during that time we'll replace it free of charge. That's our "No Hassle" guarantee. Don't settle for a simple promise of satisfaction. Metro's warranty is the best you can get! Bar none!
